Education

2020 Cygnet Public School , 10th Marks: 93.40%
2022 Cygnet Public School , 12th Marks : 77.17%
2022- **Bachelor of Engineering (IT)**, Jayawantrao Sawant College of Engineering,
Present Hadapsar, Pune, GPA - 8.38 / 10.0.

Internship Experience

Aug 1 - **Data Analyst Intern**, OASIS INFOBYTE
Sept 30

- Cleaned and preprocessed datasets using Pandas to handle missing values, outliers, and data inconsistencies.
- Used NumPy for efficient data manipulation and mathematical operations on large datasets.
- Created visualizations with Matplotlib and Seaborn to highlight key insights and trends.

Projects

ADBMS **Airline Management System**

- Backend: Designed MongoDB database with collections for customers, admins, tickets, and destinations, implementing CRUD operations.
- Frontend: Developed responsive HTML/CSS pages for flight search, ticket booking, and admin management.
- User Interaction: Implemented login functionality and ticket booking flow.
- Testing & Deployment: Tested the system thoroughly and deployed it on a local server.

AWS **VPC for Production Environment**

- VPC Creation: Set up a VPC with private subnets for production servers.
- High Availability: Deployed servers across two Availability Zones with Auto Scaling and an Application Load Balancer.
- Security: Servers are in private subnets, with internet access via a NAT gateway in both Availability Zones.

Skills and Interests

General TOC, Logic Design
Languages C/C++, Python, Java
Development Html, Css
Databases SQL, MongoDB
