

JSPM's Jayawantrao Sawant College of Engineering

Department of Information Technology

Third Year (A.Y 2024-2025)

3144455 : Internship
Domain : Data Analytics
Company : Oasis Infobyte

Presented By
Zubair Pathan
3045

Guided By
Prof. D. A. Gaikwad
(IT Dept. JSPMS's JSCOE)

Content

- About Company
- Abstract
- Introduction
- Internship Details
- Conclusion

Course Objectives

- To encourage and provide opportunities for students to get professional/personal experience through internships.
- To learn and apply the technical knowledge gained from academics /classroom learning in real life/industrial situations.
- To get familiar with various tools and technologies used in industries and their applications.
- To enable students to develop professional skills and expand their professional network with the development of employer-valued skills like teamwork, communication.
- To apply the experience gained from industrial internship to the academic course completion project.
- To nurture professional and societal ethics in students
- Understand the social, economic and administrative considerations that influence the working environment of industrial organizations

Course Outcomes

- **CO1:** To develop professional competence through industry internship.
- **CO2:** To apply academic knowledge in a personal and professional environment
- **CO3:** To build the professional network and expose students to future employees.
- **CO4:** To Apply professional and societal ethics their day-to-day life.
- **CO5:** To become a responsible professional having social, economic and administrative considerations.
- **CO6:** To make own career goals and personal aspirations.

About Company

- **Name** : Oasis Infobyte
- **Company Vision** : Oasis Infobyte offers an extensive range of services. From Data & Analytics, Automation AI, IoT Services to Web Designing, Web Application Development, Mobile Application Development, Software Development, Digital Marketing, Software Testing, and Quality Assurance
- **Company Mission** : Oasis Infobyte's mission is to democratize Information Technology, ensuring it serves both the masses and the class. Committed to pioneering IT solutions, they provide globally recognized IT-enabled services, fostering relationships built on trust, values, and professionalism..

Abstract

I would like to express my sincere gratitude to Oasis Infobyte for providing me the opportunity to intern and apply my skills in AI, Machine Learning, and Data Science. Special thanks to my mentor for their invaluable guidance and support throughout my work, including building predictive models, data cleaning, and visualizing complex datasets.

I also appreciate my professors at for their encouragement, and my peers and colleagues for their collaboration and insights.

OASIS INFOBYTE

INTERNSHIP OFFER LETTER

OIB/A2/IP3728

Dear Zubair Aziz Pathan

15/12/2024

We are delighted to welcome you for the internship of **Data Analytics** in our fellowship. This internship is observed by **Oasis Infobyte** as being a learning opportunity for you, spanning a duration of 1 month..

In essence, your internship will embrace orientation and give emphasis on learning new skills with a deeper understanding of concepts through hands-on application of the knowledge you gained as an intern. Our team is confident that you will acknowledge your obligation to perform all work allocated to you to the best of your ability within lawful and reasonable direction given to you.

We look forward to a worthwhile and fruitful association which will make you equipped for future projects, wishing you the most enjoyable and truly meaningful internship program experience.

Thank you
Team Oasis Infobyte

Program Coordinator

Introduction

The Oasis Infobyte Internship in AI/ML and Data Science

What They Offer:

- Work on industry projects, analyze data, and build machine learning models.
- Learn from experienced trainers in the field.
- Learn at your own pace, fitting the program into your schedule.

How to Join:

- Apply through the Oasis Infobyte website and fill out the application form.
- If selected, you'll join the program and start learning!

Introduction

Opportunities:

- Connect with professionals and mentors.
- Gain skills that open up job opportunities in tech industries.

Benefits:

- Learn essential skills for the tech industry.
- Self-paced learning for better time management.
- Receive a certificate at the end of the program to boost your career prospects.

Internship Details

What I Learned During My Internship at Oasis Infobyte

During my four-week internship at Oasis Infobyte, I had the chance to learn and apply many key concepts in Python programming, Artificial Intelligence (AI), Machine Learning (ML), and Deep Learning. This internship provided me with a hands-on opportunity to move beyond theoretical knowledge and apply what I learned to real-world tasks. Here's a summary of what I gained during this internship:

Python Programming

- Learned Python fundamentals
- Gained experience with:
 - NumPy
 - Pandas
 - Matplotlib
- Applied Python for:
 - Data wrangling
 - Data cleaning
- Creating visualizations

Introduction to Data Analytics and Machine Learning

- Learned core ML concepts:
 - Supervised learning
 - Unsupervised learning
 - Model training and evaluation
- Understood the importance of:
 - Data preprocessing
 - Feature engineering
 - Model evaluation metrics (accuracy, precision, recall)

Machine Learning Algorithms

- Implemented Linear Regression
- Explored Logistic Regression
- Learned to train models, interpret results, and improve model performance

Hands-On Learning and Practice

- Assignments and Quizzes
 - Completed tasks that reinforced Python skills.
 - Gained hands-on experience with machine learning algorithms.
 - Solidified understanding of deep learning concepts.
- Project Work
 - Worked on projects using real-world datasets.
 - Applied knowledge to solve practical problems.
 - Focused on tasks like predicting outcomes from historical data.

PROJECTS

Project 1:

Exploratory Data Analysis (EDA) on a retail sales dataset

- CODE

The screenshot shows a web browser window with multiple tabs. The active tab is titled "Exploratory D...". The address bar shows the URL: `localhost:8888/notebooks/Downloads/Exploratory%20Data%20Analysis%20(EDA)%20on%20Retail%20Sales%20Data.ipynb`. The JupyterLab interface is displayed, showing a menu bar (File, Edit, View, Run, Kernel, Settings, Help) and a toolbar. The main area contains a code cell with the following Python code:

```
[1]: import pandas as pd
import numpy as np
import matplotlib.pyplot as plt
import seaborn as sns

[2]: df = pd.read_csv("C:\\Users\\lenovo\\Downloads\\retail_sales_dataset.csv")
df
```

Below the code cell, a preview of the dataset is shown as a table:

	Transaction ID	Date	Customer ID	Gender	Age	Product Category	Quantity	Price per Unit	Total Amount
0	1	2023-11-24	CUST001	Male	34	Beauty	3	50	150
1	2	2023-02-27	CUST002	Female	26	Clothing	2	500	1000
2	3	2023-01-13	CUST003	Male	50	Electronics	1	30	30
3	4	2023-05-21	CUST004	Male	37	Clothing	1	500	500
4	5	2023-05-06	CUST005	Male	30	Beauty	2	50	100
...	...	...	...	...	...	...	...	...	...
995	996	2023-05-16	CUST996	Male	62	Clothing	1	50	50
996	997	2023-11-17	CUST997	Male	52	Beauty	3	30	90
997	998	2023-10-29	CUST998	Female	23	Beauty	4	25	100
998	999	2023-12-05	CUST999	Female	36	Electronics	3	50	150

Project 2: Customer Segmentation Analysis

Conclusion

My internship at **Oasis Infobyte** has been a great learning experience. Over the past four weeks, I learned important skills in **AI, Machine Learning (ML)**, and **Data Science**. I gained hands-on experience with **Python** and libraries like **NumPy**, **Pandas**, and **Matplotlib** to analyze and visualize data.

I also worked with key **ML algorithms** like **Linear Regression** and **Logistic Regression**, and got an introduction to **Deep Learning** and neural networks. The practical assignments and quizzes helped me apply these concepts to real-world problems.

This internship has given me a strong foundation in AI/ML and Data Science, and I'm excited to continue learning and improving in these fields. I'm thankful for the opportunity at Oasis Infobyte and look forward to using these skills in the future.
